DYNAMICS

Financial Services Guide

We believe all people are entitled to an extraordinary life.

Our vision at Positive Dynamics is to provide Australians with wealth maximisation strategies, to create the income they desire in retirement. We believe that we can give our clients financial confidence to chase and manifest their dreams. In essence, we help our clients make smart decisions with their money and have been helping people achieve results 'never thought possible' since 2006.

From our experience, when people have financial confidence, there is a positive correlation with health and relationships. It is our vision at Positive Dynamics to give more Australians financial confidence so that they too can enjoy improved health and good healthy relationships. When we unpack the reasons that people lack financial confidence, we have discovered a few consistent reasons:

Many Australians are time poor. They are dedicated to their family and career and have little time for wealth maximisation.

Many Australians lack financial education. We are not taught wealth maximisation strategies at school, and to our detriment many of us take advice from our parents, family or friends. Quite often the person giving the advice has no financial qualification and has not achieved financial freedom.

Many Australians do not have a Trusted Adviser.

horror stories hitting the news headlines over the years, and With the Royal Commission into the banking sector which lead to the closure of almost all bank Financial Planning departments there is no surprise that people are unsure on who to trust.

Many Australians fail to take action. For some people action and change can be a very fearful move. Sometimes it can feel better doing nothing than taking action.

It is our mission at Positive Dynamics to break through these barriers. We understand that most Australians do want to maximise their wealth and our friendly team will be as patient as required to provide our clients comfort in the strategies we implement. It is for these reasons that we are passionate and committed to helping our clients create a clear and bold vision for their future. A financial planner at Positive Dynamics can work with you to make your dreams a reality.

Your Financial Services Guide

We are required by law to give you a Financial Services Guide (FSG), that helps educate, protect and assist you to make an informed decision about the financial services we offer.

Information about this FSG.

This FSG is an important document that Positive Dynamics Pty Ltd ('Positive Dynamics', 'We/Us' or 'the Licensee') are obliged to give retail clients under the requirements of our Australian Financial Services Licence ('AFSL'). This FSG is not intended, nor required, for wholesale clients as defined by the Corporations Act, 2001. This FSG is provided to you by your Financial Planner, with the authority of Positive Dynamics.

This FSG is designed to provide you with an understanding of Positive Dynamics, our services offering, and to inform you of important matters relating to our relationships with third parties, prior to you deciding whether to use our financial advice. It also outlines the remuneration that is paid to Positive Dynamics and its advisers, and how complaints are dealt with.

Not Independent

Positive Dynamics and its Authorized Representatives, for the purpose of s923A of the Corporations Act 2001 (Cth), are unable to call ourselves 'independent', 'unbiased', or 'impartial' or a variation of these, such as 'independently owned', as we receive commission payments when we recommend you purchase Life Insurance products e.g. income protection.

1. About Positive Dynamics Pty Ltd

Positive Dynamics is a specialist financial services licensee that has been successfully operating under its AFSL since 2016 with offices based in Southport, Queensland. The Positive Dynamics Responsible Managers have combined experience of 18 years in the financial services industry, including the areas of financial planning, risk insurance, superannuation and wealth management.

As the Licensee, Positive Dynamics manages financial planners operating as accredited Authorised Representatives of Positive Dynamics. Under this arrangement Positive Dynamics provides client engagement services, training, licensing, investment advice and support services. This includes best practice tools and resources for both referral partners and financial advisers (risk, lending and planning) to enable profitable and successful business partnerships to develop.

Positive Dynamics does not provide legal advice and we do not make any representations about the current or future value of any investment that you invest in through us. You should always rely upon your own enquiries.

Before seeking our financial product advice, you probably have a number of questions you would like to ask about us. To assist with this we are required, prior to the provision of any financial product advice or credit assistance, to provide you with this FSG. We recommend that you read it as it includes answers to some questions you might have.

2. What types of financial advice can Positive Dynamics provide?

Positive Dynamics can provide you with financial product advice through talking with our accredited Employees or Authorised Representatives, together referred to as our Financial Planners.

The two types of advice that can be provided by our Advisers are:

Personal Advice - under Personal Advice we provide you with advice which takes into account your personal objectives, goals, financial situation and needs. Under this advice you are entitled to receive a Statement of Advice ('SoA').

General Advice - in certain circumstances we may not provide you with a SoA, such as when we only provide 'General' financial advice. General advice does not take into account your personal objectives, goals, financial situation or needs.

Our Financial Planners have satisfied at least the minimum ASIC requirements for providing financial planning services and most of them have many years' experience. Positive Dynamics will be responsible to you for any financial product advice services that your Financial Planner provides.

3. What financial products and services can Positive Dynamics assist you with?

Positive Dynamics is authorised to provide financial product advice to retail clients, and deal in a financial product for retail clients by applying for, acquiring, varying or disposing of a financial product on behalf of another person, in respect of the following product classes:

Classes of Financial Products

- Deposit and payment products
- Government debentures, stocks or bonds
- Life products, including investment life products and life risk insurance products
- Interests in managed investment schemes, including investor directed portfolio services ('IDPS' or 'Wrap')
- Retirement savings accounts

- Standard margin lending facilities
- Superannuation

Positive Dynamics also provides an extensive range of related advice and planning services including:

- Retirement planning
- Wealth creation and protection
- Debt planning
- Gearing strategies
- Estate planning
- Share trading facilities
- Social security
- Portfolio review services
- Salary packaging
- Cash-flow and budgeting services

Your Adviser may only be authorised to provide advice in 'some' of the above areas. Please refer to your Adviser's Authorised Representative Certificate, which sets out those areas in which they are authorised to provide advice.

We will only recommend a financial product to you after considering its suitability for your individual needs, objectives and financial situation. The products we recommend are selected from our approved list of products ('Approved Product List', or 'APL') that have been researched by external experts.

In addition, your Adviser is able to offer you an ongoing monitoring and review service for your investment portfolio or life insurance program.

4. What happens when you get Positive Dynamics Financial Advice & what documents will you receive?

The Positive Dynamics client process for providing financial product advice is conducted in accordance with the Corporations Act, 2001 and the conditions set out under our AFSL.

Generally, our process will include the following steps. Initial Client Meeting(s) – during this introductory meeting we will outline our services, discuss your expectations and help to identify your needs and goals so we can agree on the type and degree of financial product advice that is appropriate in your circumstances. At this stage our Fee for Service structure will be provided and agreed between us before proceeding further.

Client Fact Find and Needs Report – if personal advice is appropriate we will gather all relevant information including your goals, needs and objectives. We will also help determine your risk appetite using our Risk Profiling Questionnaire tool. If after our initial evaluation of your needs we believe we cannot provide the required advice, we will advise you.

Client Advice Meeting(s) – once the appropriate strategy (or strategies) for you have been formulated in accordance with your requirements, this will be presented in an SoA and discussed with you. Changes can be made if required. In the event that under the agreed strategy we make a recommendation to acquire a particular financial product (other than securities), or offer to issue or arrange the issue of a financial product, we must also provide you with a Product Disclosure Statement (PDS) containing information about the particular product which will enable you to make an informed decision in relation to the acquisition of that product.

Client Consent to Proceed - once you are comfortable with a recommended course of action, you will provide your formal consent enabling us to proceed to implement them.

Keeping You on Track - recognising that your personal situation may change over time, we can provide regular reviews (say, annually) to ensure our advice continues to meet your needs and objectives. If you enter an ongoing fee arrangement, we must provide you with a renewal opt-in form in respect of continuing with these ongoing fee arrangements every 12 months.

Further questions you might have are:

- Do I get detailed information about the financial and other benefits my adviser gets from making the recommendations?

Yes, the SoA will provide details of any remuneration to be received by Positive Dynamics as a result of the recommendations (including referral fees) as well as the final fees payable by you the client. The SoA will also make reference to any potential Conflicts of Interest that you need to be aware of when deciding whether to rely on our advice. Finally, the SoA will outline any risks associated with implementing the recommendations, which our Adviser will further explain to you. Further details of fees, commissions and benefits are in the next section.

If your circumstances have not changed significantly and we provide further advice to you, in addition to your Statement of Advice, we can provide a 'Record of Advice' upon your request at any time up to 7 years from the date we gave you the further advice. You can request a record of the advice by contacting our office.

- Will you give me advice that is suitable to my needs, objectives and financial circumstances?

Yes, however to do so we need to find out your individual objectives, financial situation and needs before we recommend any financial product to you. You have the right not to divulge this information to us, if you do not wish to do so. In this case we may not be able to provide you with personal advice, or the advice you receive may be general in nature and may not address your particular objectives, financial situation and needs. In that case we are required to warn you about the possible consequences of us not having your full personal information. You should read the warnings carefully.

- What should I know about any risks of the investments or investment strategies recommended to me?

We will explain to you any significant risks of the investments and strategies that we recommend. If we do not do so, you should ask us for further clarification.

- What information do you maintain in my file and can I examine my file?

We maintain a record of your personal profile that includes details of your objectives, financial situation and needs. We also maintain records of any recommendations made to you. If you wish to examine your file, you should ask us and we will make arrangements for you to do so.

- Can I tell you how I wish to instruct you to buy or sell my investment?

Yes, you may specify how you would like to give us instructions. For example by telephone, email, fax or other means. But in all cases we must receive a written confirmation of these instructions.

5. What will you pay for Positive Dynamics financial advice?

Fee for Service - as noted above, Positive Dynamics may charge fees for providing Personal or General Advice, on a 'fee for service' basis, including an SoA preparation fee. Your Adviser will be able to tell you the cost of any such fee and this may depend on the complexity and the time spent. The Fee for Service will be outlined in either a "letter of engagement", where your Adviser provides you with a written quote, or through the provision of our Fee Schedule (see page 9 for fee schedule).

The fee rate ranges vary depending on the nature and complexity of the work undertaken and type of advice provided.

You may request particulars of the benefits related to this 'fee for service', however that request must be made within a reasonable time after you are given this FSG and before any financial service identified in this FSG is provided to you.

Any fee for service must be paid within seven (7) days of the date of the tax invoice issued to you.

Other fees and charges may be payable by you to the product provider which will be outlined in the SoA. These fees might include administration fees, establishment fees and/or Management Expense Ratio (or Indirect Cost Ratio) charges that are calculated by the product provider and will be outlined in their PDS or other documents provided to you.

General Advice Fees - Positive Dynamics may receive fees for the provision of investment advice in respect to its role as Investment Advisor. Any such fee will be outlined in the SoA.

6. What other remuneration may be paid to Positive Dynamics?

Initial and Ongoing Commissions or Payments for Insurance.

If you take up an insurance product as a result of our advice and recommendations, we can receive from the product provider commission payments calculated as follows:

- From 1 January 2020, upfront commissions will be capped 66%.
- and, From 1 January 2020, ongoing commission will be capped at 22%.

For example, on an insurance premium of \$1,000 paying 66% initial commission and 22% on-going commission, the upfront commission would be \$660 and the on-going commission \$220 per year.

Referral Arrangements

- should you be referred to a third party, such as an Accountant or Mortgage Broker, General Insurer by Positive Dynamics, the third party may pay a fee or other benefit for the referral to the Licensee.

Alternative Remuneration

- in accordance with industry requirements and as outlined in the Financial Services Council / Financial Planning Association of Australia Industry Code of Practice on Alternative Forms of Remuneration in the wealth management industry, Positive Dynamics and your Adviser each maintain an Alternative Remuneration register that contains information about any alternative forms of payments of benefits over a specified dollar amount that may be received, (e.g. tickets to events and conferences). If you wish to inspect the Alternative Remuneration register or ask any questions about this, please ask your Adviser.

Our Founding Directors

VANESSA JANSEN

Dip. FP | B. Banking & Fin
ASIC: 000471632

Vanessa's passion is to build long lasting relationships with her clients while guiding them towards wealth. She works hard to overcome trust barriers that often hold people back from achieving the results they deserve and is determined to help people act now. In recent years, Vanessa spends much of her time mentoring advisers within the firm with a goal of helping more Australians obtain the right financial advice that will lead them to financial freedom.

A born entrepreneur, Vanessa has made a name for herself in the arena of finance. Vanessa started out in the corporate world while completing a Bachelor of Business through Queensland University of Technology (QUT). Following her strengths, Vanessa majored in Banking and Finance with an extended major in Accounting. It was during this time that Vanessa realised her calling was to help make a difference to people's lives and to help people along their financial journey.

The industry quickly began to take notice as Vanessa developed a reputation for helping clients reach their goals and dreams. Making a name for herself she was recognised through the Million Dollar Round Table (MDRT); a trade association formed in 1927 to recognise financial advisers internationally for best business practices, ethics and effective ways to increase client interest. Vanessa qualified at top of the table in 2009, this achievement ranked Vanessa internationally in the top 3% of her industry. Thus, it is no surprise that in 2008 Financial Wisdom named Vanessa Qld Rising Star of the year, and in 2010 Vanessa received a national award for the results she had created for her clients.

Outside of work, Vanessa is a dedicated mum to her two children and enjoys downtime with her husband Dane. She enjoys tennis and continues to compete weekly in a local Gold Coast Competition. A highlight of Vanessa's week is taking a long walk with her family along the beach with the family dogs.

In an effort to make a difference to our local community Vanessa has taken on the role in 2020-2022 of Membership Chair in the Gold Coast Corporate Rotary and is now working with District leaders to help grow membership within Rotary to help make a larger impact on community. Vanessa and Dane's vision is to help improve the homeless issues on the Gold Coast.

Our Story

From humble beginnings, Positive Dynamics was founded in May 2006. At only 24 years of age, and from their home Dane and Vanessa Jansen established a business which would evolve into Positive Dynamics; a name now known to many across Australia.

At age 18 Vanessa purchased her own investment property. This was prior to the early 2000 property boom. Vanessa was always focused on building wealth and turned this Queensland Property into a rental treasure. Thinking outside of the box, Vanessa created 6 bedrooms and rented this as a share house; spending her time between work, university, and renovating each room which created an income that supported her university study. This was only the beginning of her wealth accumulation journey.

Like Vanessa, Dane had begun his wealth journey at a young age, purchasing shares and taking a keen interest in investment markets. Dane also adjusted his and Vanessa's superannuation investment selection, consolidating superannuation accounts and investing into assets with the greatest opportunity for long term accelerated growth.

There was no surprise that when Dane and Vanessa came together, they were in a great position to teach others key strategies to help build quality long term wealth. From the beginning, Positive Dynamics was established to help guide Australians to make great financial decisions.

By 2015 Positive Dynamics had grown in both size and expertise. This enabled Positive Dynamics to implement its vision, 'to become a self-licensed firm', stepping away from the influence of large institutions. Positive Dynamics yearned to offer its own professional and trustworthy, strategic advice to more Australian's, helping them create greater wealth, security, and trust in their financial future. Part of this vision was to have an office premise that stood out and was visible to the local community and holiday makers that come and go; greater exposure would increase the ability to help more people. It would also be a space that makes people feel at ease and able to share their story, goals and aspirations.

In January 2021 following years of savings, Dane and Vanessa purchased a multi-million-dollar property located on Marine Parade, Southport. Leading by example, they were able to create multiple income streams. The property has significantly increased in value, with a strong income yield. This is something you will always find with Positive Dynamics, they invest in property and shares, they set goals and regularly monitor their progress, and they have achieved life changing results. Positive Dynamics is passionate about guiding our clients to achieve 'life changing results' having walked the path that they recommend. We aim to remove one of the most difficult aspects of obtaining financial advice - knowing who to trust.

“Their knowledge of the financial opportunities available opened my eyes to new ways of making money.”

Positive Dynamics quickly developed a reputation for helping people reach their goals and dreams. Leading by example Dane and Vanessa quickly expanded their business. By 2007 they had purchased a commercial office and began building a dynamic team to ensure all client requests were handled with the utmost importance, ensuring simplicity for their clients.

With their leadership qualities Dane and Vanessa began mentoring university graduates. Vanessa and Dane recognised that the Financial Planning industry, at the time, was lacking a pathway for advisers to pair their education with real world training. Keeping to their vision and their art of guiding people to success, Vanessa and Dane have successfully mentored many university graduates into advice roles throughout Australia. Four of which have gone on to commence their own business. Two have been carefully selected for their unique skills and continue their growth and career within Positive Dynamics. This has been a great reflection of their leadership and mentorship skills.

Positive Dynamics has always maintained a strong 'client first' performance culture whilst providing quality advice. This is something that ASIC identified that was missing in many financial planner firms and gives Positive Dynamics a keen competitive advantage, leading to further business recognition and growth.

The next steps for Positive Dynamics are to build on our exceptional team which will enable us to reach more people across the country. We intend on continuing to direct our personal savings toward great investment opportunity in both shares and property, while mentoring our clients to do the same.

Testimonials

Positive Dynamics were great to deal with! They presented my wife and I with clear information and were always available whenever we had any questions. We recommend them to anyone looking for assistance regarding insurances, superannuation or financial planning.

So experienced and great at explaining the details you need to know, all the recommendations we have been given have seen massive growth plus savings on insurances - couldn't be happier!

4 years ago, in my late 50's, I was allowing my financial illiteracy to bury my head in the sand about my super funds. My neighbours recommended Positive Dynamics and I haven't looked back since my first meeting with Vanessa. I am now completely confident that my retirement will be a comfortable one and highly recommend this professional and personal company to all.

We've been working with Positive Dynamics for four years now and although at times we have balked at the fees, we now know that it is money well spent as our portfolio has grown significantly. We are confident as we move towards retirement that we can be comfortable. We are in safe hands, even at the time of all the Covid19 disruption and that is very reassuring. All is on track. Highly recommended.

Vanessa and her team are highly professional and have exceeded all my expectations with financial planning for my elderly parents. They have not only recommended a professional financial plan, but have gone above and beyond with their service to my parents who are both in a fragile state. Vanessa and Hayley are professional, caring, compassionate and lovely. It's so nice to see a company that exceeds customer expectations - as a savvy businessman, they have my highest recommendation if you're looking for a professional financial planner!

I came across Positive Dynamics after having vetted at least 5 other financial planners, and I knew straight away they were the ones for me! they portray what they are all about and after meeting with Vanessa and Hardik, I trusted them and felt super comfortable making the decision to invest with them. They have been amazing, always happy to help and answer all my questions in order to help me understand my investments! I'd definitely recommend it to all my friends, family and clients.

Positive Dynamics have played an important role in helping me get finance for both my principal place of residence and investment property. They also manage my super. Hardik has a wealth of industry information and has his finger on the pulse with current market trends and my superannuation is now looking very healthy. Thank you Positive Dynamics!

My name is Steve and I would like to tell you about Positive Dynamics, I have known Justine Wilesmith for a couple of years now from a previous institution, she has recently moved up in the financial world and joined Positive Dynamics, I too have followed and with the input of Vanessa and Justine they are making my investments really start to work, things that I would never have known about, if you are in two minds about your investments like I was, just give them a call and meet up and have a chat for free.

Highly recommended

Five stars is what you get with Positive Dynamics!!! We have been with this company for 12 Years. Without them we would be facing a dilemma, as we transition to retirement.

Their heartfelt support, financial advice and expert investment experience, has set us up financially to manage our future endeavours.

However, knowing they are a phone call away and trusting them to deliver brings us peace of mind.

My husband and I can't thank Vanessa and her team enough!!!
